HOW LINK MATCH WORKS

AT FARMERS MARKETS
1. Use your Link Card at a farmers market to earn universal Link Match vouchers.
   - You may earn Link Match vouchers at one participating farmers market and spend it at any other participating farmers market in the state.
   - Universal Link Match vouchers are only accepted at farmers markets and farm stands, NOT at stores.
2. Spend your Link Match vouchers on fresh fruits and vegetables at the farmers market.

AT STORES
1. Use your Link Card to purchase healthy items at participating stores to earn Link Match vouchers.
   - Link Match vouchers earned at stores can only be redeemed at that store, these are NOT universal.
2. Spend your store-specific Link Match vouchers on fresh fruits and vegetables that same day, or a later day.

Link Up Illinois, a program of Experimental Station, was created in 2011 to combat urban and rural food deserts, support local small and mid-size farms, offer lasting health benefits to vulnerable Illinoisans, and advocate for policy change on the state and federal level.

Link Up Illinois provides farmers markets, other direct-to-consumer venues, food co-ops, and independent grocery stores across the state with funding to implement Link Match programs for Link recipients.

Questions? Email us at linkup@experimentalstation.org.
